Salary Guides

The citizens of this community are interested in attracting and maintaining a qualified, competent staff to educate their children.

The Board of Education recognizes the importance of an attractive salary schedule and sound salary policies in securing and holding a competent staff.

All administrative personnel entering the District shall be placed on the salary schedule based upon training and experience. There shall be a separate salary schedule for administrators and for teachers.

The salary schedule shall contain a class or position title and a number of steps which provide salary increments for service and professional growth within each class.

The Board shall work cooperatively with the Superintendent or designee in matters involving the formulation, amendment or repeal of salary provisions for school personnel. The Board shall make the final decision on salary provisions.
