MULTICULTURAL EDUCATION

1. The school site staff will review its curricular materials to ensure that these materials help to enhance students' self-esteem while also encouraging an appreciation of each person's cultural and ethnic background.
2. The school site staff will review schoolwide activities to ensure that they provide opportunities for students, parents, and staff to interact positively with diverse ethnic and cultural groups. These activities may be monitored through activity calendars, agendas and newsletters.
3. Cultural resources from the community will be utilized to enrich the instructional program.
4. Staff development opportunities and articulation time will promote strategies for facilitating a comprehensive schoolwide multicultural program. These activities may be monitored through activity calendars and agendas.
5. School plans and/or mission statements will reflect multicultural education.
